Dear

Jackie and I want to take this opportunity to thank you for your financial support of our ministry during the last three months. It is an adventure in pioneering a new ministry, and sometimes a "fiery trial".

Your care for us has made you a partner in the ministry that God has launched us into, and we want you to know that we appreciate your response to the Holy Spirit in standing with us.

We are believing God for the full release of our personal support, and for the release of funds for the equipping and function of our office. Will you stand with us for this release? We are even more committed to the vision and ministry than we were when we first began last June.

The first three months could be compared to the beginning of a building construction. Though we would like to see the building rise from the ground immediately, that is not the first phase. Instead, the hole must be dug, and if it is to be a large building, pilings must be driven down to the bedrock. Meanwhile, nothing is visible above ground. (The Norwest building downtown is a good example. It will be many months before we can see anything above ground.)

Our ministry will continue to be somewhat "hidden" for a while; we are laying a foundation of relationships among church leaders, and entering into intercession and spiritual warfare. God is giving us a core of people from several churches to "birth" this ministry in the Holy Spirit through praise, prayer, and spiritual warfare. Will you join us in intercession?

On behalf of the unreached nations of the earth, thank you!

Yours in Christ,
